

Kiwanis Club of Regina

CLUB BULLETIN

Volume 86 Issue 04

November 25, 2005

This is the first issue using a new format for our CLUB BULLETIN and new software. This newsletter will be created as an *InDesign* document and published as a PDF document which can be printed or distributed on the Web. Before this, we created the newsletter for the Web and then, with considerable difficulty and expense, converted it for print for those members who do not have access to the Internet.

We will be learning to use this new software application, *InDesign*, as we go. So you can expect this to change, and improve, as we, your dedicated staff, become more skilled and as we learn a few tricks.

- the editor

Bowling Director, Carl Bolen, has advised us at the Bulletin offices that there will be no more bowling at the Wascana Rehabilitation Hospital until after Christmas. Carl will be providing details.

Salvation Army *Christmas Kettles* will be manned again this year by members of Kiwanis. Please check with Carl Bolen to confirm your place and time on the schedule or contact Kristiana MacKenzie.

Early Learning Centre, Assistant Director, Edith Mountjoy, has accepted our invitation for news. She reports the following important event:

- Our Annual Open House will be held at the Centre on Friday, December 2nd from 11:00 a.m. to 2:00 p.m.

The Brighter Futures for Children Benefit Concert co-sponsored by Knight Archer Insurance and the Regina Musicians' Association.

This event will be held on Thursday, March 30, 2006 at Casino Regina Show Lounge and will include a Giant Silent Auction. Doors open at 5:00 p.m. and the show starts at 6:00 p.m.

We think the Brighter Futures for Children Benefit Concert will be a wonderful opportunity to raise some significant funds for the work of the Centre. We would especially appreciate help with ticket sales.

Thank you once again for your support of the Early Learning Centre.

Christmas will be here before we know it. Your hardworking staff at the CLUB BULLETIN will endeavour to produce one more issue before then. Get those outside light up while it's still warm!
